LETTER OF RECCOMENDATION

TO WHOM IT MAY CONCERN:

The capacity and scope of work provided by Mr. Craig Bowman to the Yugoslav Youth Information Center dates back to the year of 2003 and ranges from strategic partnering with the National Youth Advocacy Coalition where Mr. Bowman is the executive director to partnership with the Embassy of United States of America in Belgrade. Mr. Bowman performed trainings on the topics of advocacy and team leadership to groups of 40-50 young people whose work focuses on international development based projects. Mr. Bowman also used his abilities to bestow information which assisted significant growth on the part of the organizational structure, particularly through dispersing his knowledge regarding fund raising.

Yugoslav Youth Information Center—OIC is a service based organization founded in 1999 operating in the territory of Serbia and Montenegro, with the sole objective to provide high quality grounds for sustainable development of various aspects of life for young people and affirming their positive value to society.

On the assignments where Mr. Bowman was engaged, he has succeeded in accomplishing an equal engagement of all the participants with the ability to ask the right questions, gain consensus on difficult issues among cross functional partners, push for a resolution in a group while at the same time maintaining the high spirit of group members and strongly affirming their knowledge in the areas of advocacy and fund raising.

Mr. Bowman has shown responsibility, dependability, and accountability for which I can recommend him without reservation to such positions where his ability to collaborate with different functional groups and drive issues to positive resolution, as well as his strong verbal and interpersonal communications skills might be an asset.
